Verse 2:

You're in the sun singing foreign tunes
Until my heart could break
But staying here, I fear my dear
would be a drear mistake
The seasons they go wierdly now
There's danger in the sun
For all our peace of mind, my dear
Keep going, you're to one

Chorus:

You go all the way
You go all the way
You go all the way
You go all the way

Verse 3:

I never helped a single thing
I live just for myself
I met a darling little bird
and love became our wealth
And soon I'd like to help all things
Find their place in the sun
And like the darling bird that flew
We'll always be the ones

Chorus x 2
